

Trading Department Report

The SARM Trading Department offered a variety of products during 2009, from stationary and sundry sales, road signs, rat poisons to gopher poisons. It was another successful year, for both our customers and our suppliers. We look forward continually to being able to provide RMs the opportunity to purchase all their supplies conveniently and cost-effectively.

I would like to take this time to thank all our members for the support and cooperation this past year and look forward to meeting all your supply needs in 2010.

Janie Metcalfe
Manager
Trading Department
