

Rural Municipal Administrator Internship Program (MAIP)

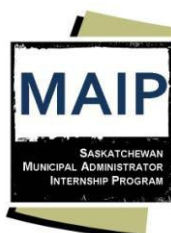

The Saskatchewan Association of Rural Municipalities (SARM) is excited to announce the continuation of the Rural Municipal Administrator Internship Program (MAIP). SARM is now accepting applications on an on-going basis for host rural municipalities and interns for the program. This intent of this program is to help address the critical need to attract and train the next generation of municipal leaders.

There is still an opportunity for you to receive a 52-week paid intern placement in a rural municipality beginning in 2011. At the end of your placement, you could be certified as a municipal administrator and begin working in the field.

For more information, and application packages, visit the MAIP website at:

http://www.sarm.ca/aboutsarm/member_services/MAIP

This program was developed in partnership with the Ministry of Municipal Affairs and the Rural Municipal Administrators Association.

RURAL MUNICIPAL ADMINISTRATOR INTERNSHIP PROGRAM

2075 Hamilton Street
Regina, SK S 4 P 2E1

**MUNICIPAL ADMINISTRATION IS A
REWARDING CAREER, RIGHT HERE AT HOME.**

Benefits of hosting a municipal administrator intern:

An opportunity to train and secure a potential successor for your administrator.

An intern can provide valuable fresh ideas and perspectives.

An opportunity to promote your municipality and community.

A chance for your administrator to grow and become a trainer in their field.

Increase awareness of municipal administration as a profession.

WHAT'S YOUR PLAN?

Recent surveys indicate that about half of Saskatchewan's municipal administrators anticipate retiring or leaving the field in the next ten years.
